Overview

17 years of experience creating and supporting a variety of customers with multimedia products using a variety of applications and skills:

- Smart Cards (Example 01, Example 02, Example 03, Example 04, Example 05)

- Books & Guides (Example 01, Example 02, Example 03, Example 04)

- Photoshop Design/Manipulation (Example 01, Example 02, Example 03, Example 04, Example 05)

- 2D Animation (Example 01, Example 02, Example 03)

- Gaming (Examples 01, Example 02, Example 03, Example 04)

- 3D Renders & Animation (Example 01, Example 02, Example 03)

- Video & Sound Editing (Example 01, Example 02, Example 03)

- Distributed Learning (DL) (Example 01, Example 02, Example 03, Example 04)

Work Experience:

Raytheon - Sierra Vista, AZ

Audio Visual Specialist II: 09/2013 – Present

Provide visual information support in the development and delivery of cultural education/training products for the US Army TRADOC Culture Center.

Key Accomplishments:
- Created DVDs using Adobe Encore
    - Used Photoshop to create DVD Menus
    - Edited video in Adobe Premiere Pro
    - Created 2D animations in Adobe After Effects for import (dynamic link) into Adobe Premiere Pro
    - Created 3D animation in Blender for import into video editing process
    - Used Encore to create HTML/Flash pages of video content
    - Ensured that DVDs had extra WMV formatted video content to give instructors the ability to work around technical difficulties while training in unfamiliar classrooms
    - Enhanced and edited audio using Adobe Audition
    - Familiar with using Adobe Prelude for media organization, metadata entry, and transcoding bulk video files
- Created over 40 Cultural Smart Cards (graphic training aids) in Adobe InDesign
    - Extensive digital image editing and retouching in Photoshop
    - Shot original photographs (and video) using Canon 5D Mark III, Canon 60D, Canon 70D, and Nikon 2500
    - Coordinated with over 15 different SMEs on specific content for Smart Cards
    - Maintained version revisions
    - Worked directly with government subcontractors to ensure quality assurance when printing Smart Cards
    - In charge of developing templates for in-house printing optimization
- Created a variety of other visual training aids, including graphics, maps, posters, training handouts, PowerPoint slides, and After Action Review documents

General Dynamics Information Technology - Sierra Vista, AZ

Audio Visual Specialist I: 09/2009 - 09/2013

Same duties and responsibilities as above; Raytheon took over the contract in 2013.

General Dynamics Information Technology – Norfolk, VA

Multimedia Designer: 04/2008 - 09/2009

Created distance learning products for Joint Advanced Distributed Learning (JADL) Allied Command Transformation (ACT) NATO in support of troops in Afghanistan using a variety of skills and tools, including Flash ActionScript, Flash, XML, HTML, JavaScript, Dreamweaver, Photoshop, and Illustrator

Key Accomplishments:
- Instructed NATO employees on best practices in DL graphic optimization, Adobe Flash development, and Adobe Captivate at the Communications and Information Systems School in Latina, Italy
- Solved text issues for English as a second language users (NATO troops) by creating a dynamically scaling text box that auto-imported text for that module frame, so the text could be read and not just heard
- Completed over 12 interactive distance learning (DL) lessons for NATO customers

General Dynamics Information Technology – Suffolk, VA

Flash Developer: 12/2006 - 04/2008

Created and edited 2D & 3D Animations, still graphics, logos, illustrations, video & Sound, digital photographs, developed templates, interactive quizzes/test, and DL products using Flash, Flash ActionScript, Premier, Adobe Dreamweaver, 3D Studio Max, and PhotoShop to be used in the Joint Knowledge Development and Distribution Capstone (JKDDC) and Joint Knowledge Online (JKO) educational programs.

General Dynamics Information Technology/Anteon/Information Spectrum Inc. – Virginia Beach, VA

Multimedia Designer: 01/2001 - 11/2006

Managed the conversion of several hundred AutoCAD drawings to Adobe PDF format in support of the development of Interactive Electronic Technical Manuals (IETMs).

Key Accomplishments:
- As a team lead, managed version control of the drawings as well as monitoring accuracy of the final converted drawings while instructing team members in the procedures for accurately converting the AutoCAD drawings to PDF format.
- Supported multiple customers with multimedia development while working at Information Spectrum and Anteon to include:
  - Armed Reconnaissance Helicopter (ARH) Bell Textron, Inc. (OEM) IMI
  - Finnish F/A-18 IMI (FMS-NAVAIR)
  - Battle Stations 21 (NAVAIR TSD) IMI
  - Air Combat Training System (ACTS) VAW Community (PMA-205) IMI
  - America's Boating Course, USCG
  - Anteon Corp branding
  - Fleet Readiness Squadron R&M, LSO School, NAS Oceana R&M

Tidewater Community College - Norfolk, VA

Adjunct Instructor: 01/2003 - 05/2003

Instructed the development of interactive 2D animations for the web using Adobe Flash. Planned effective lessons, delivered class lectures, produced written tests, developed a class website, and promoted inquiry while relating class instruction to real life experiences.

D.P. Associates – Chesapeake, VA; Jacksonville, NC

Graphic Artist/Illustrator: 11/1999 - 01/2001

Developed illustrations, 2D animations, graphics, panoramic photographs, interactive quizzes and tests to be used for DL in Authorware.

Education:

Arizona State University, Mesa, AZ
Bachelor's Degree, May 2018
Major: Internet and Web Development
Honors: Summa Cum Laude

Tidewater Community College, Portsmouth, VA
Associate's Degree November 2000
Major: Media Advertising Arts
